1 NIKO NIKO DESIGN
Niko Niko Design is my new favorite designer in Vienna. He spends a lot of time on his exclusive, unique pieces. If I need a special outfit for an event, Niko always comes through. I really appreciate the extra time he takes to help me out – even consulting on things like shoes and accessories.

2 ROBERTO'S AMERICAN BAR
The absolute hotspot in town for cocktails: Roberto's American Bar. Roberto is a restaurateur with heart and soul, and he has a very special team! It feels just like a second home!

3 BOUTIQUE STERNGASSE 4. As I recently strolled through downtown Vienna, I discovered a fabulous shoppe: it's the Boutique Stern-gasse 4 – the so-called "Fashion Deli". Each week they carry a new assortment of top French labels. And you can find anything you need, from everyday wear to ball gowns – all at affordable prices!

4 MEINL AM GRABEN.
The best shopping experience is the fish counter at Meinel am Graben. I love fish! Here you can order almost any kind – whole or filet – and they'll deliver promptly every time. It doesn't get any better than this!

5 KIRSTEN KUNZE.
In my job as model, my hair must always sit perfectly: that's why I like to go to Kirsten Kunze's salon, Jordangasse 7A, in the first district, right around the corner. The highly professional team is very reliable. You're always in good hands here.
